KEON Introduction

Keon Solutions is an ERP Consultancy company specializing in providing end-to-end solutions, qualified personnel and onsite/offshore services at cost-effective rates and on time. Keon Solutions was started in 2009 by a team of 2 entrepreneurs who had already scripted successful careers in Manufacturing, MNCs and I.T. giants. The promoters have extensive experience of multi-diversified SAP implementations and extensive hands-on experience in managing turnkey projects with teams of more than 200 members. Our strength lies in SAP, SAP Integration, Business Process Integration and mobility solutions.

KEON Industry Focus

Our in-depth knowledge of the industry processes enables us to reap the full benefits for clients through SAP Industry Solutions for Automotive, Industrial Equipment, Engineering & Construction, Natural Resources, Consumer Products, Pharma and Chemicals.

SAP Solutions

KEON Expertise

Keon is your one stop shop for SAP solutions. With our rich experience of 12 E2E implementation, 8 ALM projects and 4 migration/upgrade delivery at enterprises across the globe, we are continuously adding more feathers in our cap day by day. Our thought leadership and qualified SAP solution architects are bringing a best combination of knowledge and expertise resulting 100% success rate. Keon has expertise in CORE SAP modules and the most niche areas of SAP viz. SRM, HCM, SCM, Netweaver XI/ PI, EP, MDM, BI/BO, PCM etc. We provide following services under SAP Services:

- Application Lifecycle Management
- Business Process Re-engineering
- Consulting
- Implementation
- Roll-out & Upgrades
- Mobile Interfacing
- Support & Maintenance

“ “ Our mission is: Customer Delight, Healthy Working Environment and build innovative solutions. We are among the India's top growing IT Services Company and our growth has been powered by our consultative approach, our deep understanding of business and technology, our passion for innovation - and above all, our integrity.
